Jolly Little Germs Play Their Pranks.

A. C. Bragg is a menace to the community. He should be removed to the smoke house and dipped for scab without delay. He is carrying the seeds of contamination around in the hem of his garment. Nobody in Reno is safe while he is at large. Although innocent of malice aforethought, he is spreading the seed of "Manila itch" on every breeze that dallies through where his whiskers once were.

Yesterday afternoon, Robert Powell, an old man, who knocks around the town, found himself afflicted with pimples. He hailed Special Officer O'Haver and the latter sized him up as a "case" and piloted him to the County physician's office. Dr. Gibson and Mr. Bragg were in consultation at the time. The medico exclaimed. "Man, you've got the smallpox!" There was the sound of "the car rattling over the stony street" and later of "Iser rolling rapidly" as the newspaper man projected himself through the door and cycled down the steps

Alas! He was not speedy enough. A germ grappled him as he made his exit. It clung to his coat tail as germ and man rolled down the steps.

By this time Papa germ is probably the father of a family. The entire tribe will be offered cheap in the for sale columns of the Gazette this afternoon.

The New Directory of Washoe County.

The compilation of the residents of Washoe county for publication in the Washoe county directory that has been under way for the past six weeks is now completed and the copy in the hands of the printers.

J. F Haley, the compiler of the book, reports that he has made a thorough canvass, and as the directory will contain over 6,000 names, his statement is certainly borne out by facts. But with all the care used some names have been overlooked. Many people have not been found at their homes and repeated calls of the directory representatives have failed to locate them.

Now, in order to give those not seen an opportunity to be represented in the book, a supplement will undoubtedly be published, and Mr. Haley wishes to inform the readers of The Journal, who may perhaps be among those who have not been seen, to kindly leave their names, together with their address and occupation, at this office.

After this notice it will not be the fault of the publisher if the name of every resident in Reno is not in the book. The forms will be closed Thursday, February 20, so get your name in before that date.

No expense is being spared to make the book complete in every respect and from a typographical standpoint it will be as perfect as skilled labor can make it. The advertisements in the book will be run as inserts and every page will be a gem. The contract for printing has been awarded to The Journal.

Big Pump at Work.

Twenty men are employed in the Wedekind mill and mine. A new pump, twice the capacity of the old pump, has been installed in the new Sparks shaft. The water was lowered twenty feet yesterday. If the pump continues to work steadily the shaft will be dry by evening.

A Letter From Up the Truckee.

Floriston is situated twenty miles west of Reno, just in side of the California line, on the Southern Pacific road, where the Floriston pulp and paper company's large mills are in operation, under the management of superintendent A. R. Cowie.

There are about one hundred and twenty-five men employed in and about the works, as are also about thirty families located there, and the little town affords a large hotel and an up-to-date general merchandise store, conducted by the Floriston commercial company, and under the general management of Mr. J. J. Hardy. Dr. Pinninger, formerly of Reno, is the resident physician, and C. E. Beaty, lately of the bay city, Cal., is the tonsorial artist.

The people of Floriston are arranging to give another of their long famous dances in the near future. It is hardly necessary to say that the affair will be a success. The mere mention of the fact that the ladies and gents of that place have the matter in hand is ample assurance. The best of music is always secured.

Nye Is Rapidly Coming to Front.

We may all have neglected Nye county in the past but are all anxious to cultivate her now—such is the power of wealth. Almost any country on earth would have been satisfied with Tonopah, that marvelous camp, from which more bullion values in ore have been extracted since its discovery than from any camp in the world for a like period of time, but Nye immediately began hinting at other riches in store and now threatens to outdo even her own Tonopah, says the Carson News.

The new discovery is located about eight miles northeast of Tonopah and like Tonopah, was discovered by men in moderate circumstances.

The ledge is fixe in reports at from 12 to 17 feet wide. The News has the smaller figures from reliable authority. The entire twelve feet will average over $200 per ton. Veins in it run from $2000 to $4000 per ton.

For seven miles the country has been located and this ledge or lode is believed to be in many of them.

Above all there is said to be water on the ground with timber not far away. If the News has been correctly informed it is a richer proposition than any heretofore discovered by man.

Jim Davis, writing from Tonopah, says that twenty leases have already been taken on claims and a townsite is being staked out.

The thing is so gigantic and reports place it so very rich that people hesitate to talk of it, leastwise to repeat figures given them. Incidentally it might be mentioned that the News has divided its best information by four.

A Core from the Drill.

A curiosity is being exhibited at the Riverside hotel. It is a core from the Davis calyx drill hole that is being sunk on the Comstock lode. The core is six inches in diameter and nearly a foot long. The rock is hard blue porphyry interlaced with seams of white quartz.

LATEST NEWS OF TONOPAH.

Nevada's Bonanza Camp Reviewed in Pertinent and Brief Paragraphs.

Saburn Pomeroy is dead.

Never was a camp like this.

Tonopah is prospector's dream.

Tulie Red, an old Bimonter, is dead.

Crow Spring is giving rich assays.

There are no bad men in Tonopah.

The Tonopah tunnel is now in 500 feet.

Tonopah was discovered in August, 1900.

Town lots are rapidly growing in value.

Mineral is where you dig for it in Tonopah.

The permanent future of the camp is assured.

Miss Elva Patterson will open school this week.

Jim Butler has donated $1000 to the sick fund.

Good ore is showing up in the Gold Hill shaft.

A shaft will be sunk on the Muggle May claim.

All the patients in the hospital are about well.

Good locations are being made all around Ray.

There is no deleterious matter in the Tonopah ore.

The soul of Thomas Wicks has gone over the Divide.

Development work will demonstrate vast bodies of ore.

Wyatt Earp, the Arizona gun fighter, has opened a salon.

A daughter was born to the wife of J. E. C. Williams.

The Tonopah section is the richest in the known world.

Father Butler will be rector of the new Catholic church.

Lot jumpers are respectfully requested to jump off again.

Ten shafts have already reached a depth of over 200 feet.

Tonopah values are mainly found in black silver sulphurets.

Tonopah's ore bodies are large, permanent and continuous.

Fifty thousand shares of treasury stock are on the market.

A deep prospect shaft is being sunk on the Valley View claim.

The Bonanza will shortly move into more commodious quarters.

The new ledge north of the camp can be traced for 5000 feet.

The Miners' Union will give a ball on the evening of the 21st.

Tonopah steps out into the light from the overshadowing Comstock.

This is one of the few camps that has paid from the grass roots.

The new discovery twelve miles north of this camp is a bonanza.

The Bonanza is one of Tonopah's chief influences for law and order.

The ratio of values in the camp is about $25 in gold to $360 in silver.

Sullivan & Koteiman have a promising group of claims south of the camp.

Thomas Hendricks has been held in $250 bonds for assault with intent to kill.

The good natured jag is the rule and the fighting jag is the exception here.

The new strike carries from 15 to 60 per cent lead in addition to its large values in gold and silver.

The Tonopah epidemic was the result of bad sanitary conditions. There is no danger of its recurrence.

The Nye county commissioners have reimbursed the miners' union for money expended caring for the sick.

The Miners' Union is a stronger influence for peace here than the arm of the law. Tonopah is self-governing.

Outside development work will doubtless prove the continuance of vast ore bodies toward Mt. Oddie and the flat west.

C. D. Van Duser has given the camp the best writeup it has yet received from an outside writer—except possibly the Journal's correspondent.

Tonopah will grow into a substantial city whose future can be limited only by the depth of the Comstock, the richness of Cripple Creek and the permanence of Butte City.

Lively New District in Eastern Nevada.

Stateline Mining District is located in the southwestern portion of Utah, in Iron county, close to the Nevada line; some of the claims extending into Nevada, says the Sentinel.

The mines in the district were discovered six years ago and many claims were located. The locators however, were poor men and unable to properly develop their claim and held them too high and development work in many cases has not proceeded as rapidly as the merits justified.

More Cutoffs Along the S. P. Railroad.

In a few days contractors will be awarded by the Southern Pacific Company for the construction of the cutoff from Golconda to Stone House. This is one of the most important pieces of work that has been decided upon by the company in carrying out its far-reaching plans for the construction of its line in Nevada and Utah, says the Silver State.

Contractors are now looking over the ground along the route of the Golconda-Stone House cut-off and a right-of-way agent is at work acquiring title to the land.

This new piece of road will involve the construction of numerous bridges across the Humboldt. Two years at least will be required for its completion and a thousand or more men will be employed by the contractors. It will be a great thing in a business way for Golconda.

Al White Crosses the Great Divide.

Al White, one of the best known citizens of Reno, died last evening at 4 o'clock at his home on Commercial street.

The deceased had been in poor health for several years and lately suffered considerably from disease of the heart. This was succeeded by pneumonia.

Mr. White was aged about 78 years. He resided in Reno for a generation and was engaged in the hotel business for many years. He was a man of great liberality and assisted hundreds of people, nearly all of whom did not return this generosity in the time when it was needed. He leaves many friends here and elsewhere in the State who mourn his loss. Mr. White was a good man, one without guile.

A Large Land Deal.

Yesterday one of the largest land deals in a number of years took place in this city. C. E. Mack and Richard Kirman purchased all of the property owned by Elkan Cohn in Carson Valley. The cash consideration was in the neighborhood of $60,000. The Cohn holdings in Carson Valley have been regarded as among the best in that fertile district, while the water rights are the best in the valley.—Appeal.

A Benificent Storm.

The snow that fell in the mountains yesterday was drifted into the gulches by the heavy wind, where it will be held until late in the season to supply the mountain streams.

VALUE OF REVACCINATION.

NOTWITHSTANDING the fact that the most persistently aggressive anti-vaccination propaganda has its center in London, the smallpox statistics of that city continue to present the most convincing proofs of the efficacy of vaccination as a preventative against this disease.

Fully 99 per cent of intelligent humanity, however, is satisfied with the proofs on the side of vaccination. No furtner demonstrations of its preventive potency are required in this oountry. The feature of the London statistics that is of special interest at this time are the evidences of the value of revaccination afforded by the cases treated in the London hospitals, the results of which are covered in the reports of the metropolitan asylum boards.

The report shows that 760 vaccinated persons admitted to the hospital had a fatality of 14 per cent and that tue fatality among unvaccinated persons was 60 per cent. The London Lancet however calls attention to the fact—highly discreditable to the sanitary authorities—that during the year no fewer than 21 persons were admitted into the hospitals who were employed in the work of disinfection who had not been vaccinated since infancy. The Lancet remarks that the inability of the sanitary authoaities to take care of their own servants "will not impress the public with a sense of their fitness for this duty."

According to The Lancet the records of the asylum boards show that betwean the years 1884 and 1900, inclusive, 17,900 cases of smallpox were received into their hospitals and that 2,198 persons were employed therein. Of these employes 17 contracted smallpox, of whom 13 were not revaccinated until after they had joined the hospital ships, while four were workmen who escaped medical observation. A concluding paragraph in the report of the asylum board states that out of 14,800 cases of smallpox received into the hospital, only four well authenticated cases were treated in which revaccination had been properly performed.

These evidences of the value of revaccination are of special interest in this country at this time, when the sanitary authorities are called upon to take measures for checking the spread of the epidemic in various cities and towns.

ON A COMMERCIAL BASIS.

AN English peer has written to a firm of lawyers in London the following letter, which caused a great deal of comment when it was published:

"An English peer of very old title is desirous of marrying at once a very wealthy lady. Her age and looks are immaterial, but her character must be irreproachable, She must be a widow or a spinster, not a divorcee. If among your clients you know such a lady who is willing to purchase the rank of a peeress for £25,000 ($125,000) paid in cash to her future husband and who has sufficient wealth besides to keep up the rank of a peeress, I shall be pleased if you will communicate with me in the first instance by letter, when a meeting can be arranged in your office. I beg you to keep this confidential. The peer will pay handsomely for the introduction when it is arranged."

That seems to be putting the matter on a proper basis. British peers and noblemen of other countries are frequently impecunious. It is not becoming for anyone of their rank to go to work. They are not often capable of going into business. They need a wife with money tosupport their rank. The United States is good prospecting ground for them. Recent international alliances which were wholly a matter of trading a title for cash are familiar to all. It will simplify the situation if it is placed on a purely commercial basis, where it belongs, and then we may haee an international exchange for promoting such marriages. Impecunious peers might file their qualifications and the price they require. Wealthy women could file photographs and statements of their fortunes. Thus both parties might make a desirable selection.

WAGES AND PRICES.

THE purchasing power of wages affects the comfort and wellfare of the wage earner fully as much as the nominal rate of wages. As a rule high rates of wages are accompanied by high prices of the necessaries of life, but it has been found that wages do not usually rise as fast as prices. An article on "Prices and Wages," by Byron W. Holt, shows by the figures of the last census, just published, that prices and the cost of living advanced forty per cent in the last five years. While wages remained stationary, except in a few special lines: During the decade, 1890—1900, although the value of each workman's product inereased ten per cent, wages went down seven per cent, and prices went up six per cent. These figures seem to prove that the boasted prosperity of this country is chiefly going to the favored few, the beneficiaries of trusts and protection, and that the bone and sinew of the land which creates all of the wealth is deprived of its due share.

THE project of national irrigation is not a sectional scheme. The lands of the west made valuable by irrigation will be almost wholly settled by families from the east, who will gladly avail themselves of the opportunity to secure good homes. They will come from many different States.—Grass Valley Union.

In addition to that, the products of the reclaimed land will immensely increase the general wealth of the nation, from which all sections will derive a proportionate benefit, and far more directly and uniformly than is derived from most appropriations for the improvement of rivers and harbors.

THE Silver State wants the fusion convention to be held at Winnemucca, and other papers are putting in claims for their respective localities. It is a matter of indifference to The Journal where the convention or conventions are held, further than that the place selected should be one which will convienience the greatest number of delegates, and at the least cost for transportation, which matters we presume will be duly considered by the committees. The quality of the ticket to be nominated is of far more consequence in our estimation, than the place of holding the conventions.

GOVERNOR TAFT has mentioned the interesting fact that at San Jose, the capital of the island of Negros, there is a tall statute of "Liberty Enlightening the World," which was "dragged seven miles over a very rough road."

Just the sort of treatment that the spirit of Liberty has received in the Philippines at the hands of America.—Sacramento Bee.

THOSE who are best posted on Hawaiian affairs, predict that no one will profit more by the change of administration that President Roosevelt has ordered than one Harold Sewell. Governor Parker will be but a figurehead for the plotters of whom Sewell has long been a chief.

GOVERNOR TAFT says the Filipino women are better than the men, and more capable of self-government. The Philippines must be the Nevada of the far east. Don't you think so—our sisters, our cousins and our aunts?

IF the Prince Henry committee can select a lady to lead the grand march with the royal visitor without causing a social cyclone, it ought to open a school of diplomacy.

THERE are 3,548 millionaires in the United States, and less than 150 of them are known outside of their own counties.

ADVERTISEMENTS.

NO SHADOW

Of outward misfortune can darken the smile of the loyal wife and loving mother. But when disease comes the smile slowly fades, and in its place comes the drawn face and tight closed lips which tell of the constant struggle with pain.

When the delicate womanly organism is diseased the whole body suffers; the form grows thin, and the complexion dull. The first step to sound health is to cure the diseases which undermine the womanly strength.

Dr. Pierce's Favorite Prescription establishes regularity, dries disagreeable drains, heals inflammation and ulceration and cures female weakness. The wonderful cures of womanly diseases effected by the use of "Favorite Prescription" place it at the front of all put-up medicines specially prepared for the use of women.

"I was troubled with female weakness for eight years, and suffered more than I can tell," writes Mrs Gust Moser, of Ovando, Deerlodge Co., Montana. "My disposition was affected to such an extent that to say a pleasant word to any one was almost an impossibility.

"I had two operations performed by one of the most skilled surgeons of the West, but did not get relief Then, against my doctor's strict orders, I commenced taking Dr Pierce's Favorite Prescription and 'Golden Medical Discovery,' and also followed the advice given in the Common Sense Medical Adviser.

"I continued this treatment for three months, and to-day am as healthy and well as a woman can be I cannot thank Dr Pierce enough for his kind letters to me."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

SUMMONS.

In the Justice's Court of Reno Township in and for the County of Washoe State of Nevada.

Marcus Fredrick, Plaintiff
vs.
The Senator Gold Mining Co., a corporation and J. F. Littlefield, defendants

THE STATE OF NEVADA SENDS GREETING TO, The Senator Gold Mining Co.,a corporation and J. F. Littlefield, defendants.

You are hereby summoned to appear before me at my office in Reno Township in the County of Washoe on the 18th day of March A. D. 1902, at 10 o'clock A. M. in an action brought against you by said plaintiffto answer upon the complaint of the above named plaintiff. Said action is brought to recover a judgment against you for the sum of $95.00 for legal services in searching the records of Washoe County and the records in the United States Land Office at Carson City, Nevada, and making an abstract of the title of the East half of Sec. 33,T. 18 N. R. 20, E., M. D. B. & M., in Washoe County, Nevada, by plaintiff at your special instance and request as more fully appears by the complaint on file herein to which you are referred.

When judgment will be taken against you for said amount together with costs and damages, if you fail to appear and answer.

To the Sheriff or any Constable greeting: Make legal service and due return thereof.

Given under my hand this 1st day of February A. D. 1902.

J. J. LINN,
Justice of the Peace of said Township.
February 2nd 1902. td

NOTICE OF FORFEITURE OF MINING CLAIMS.

To Thomas Winegardner:

You are hereby notified that I, co-owner with yourself of the "Nora," "Spanish Springs," "Prince" and "Thompson" Mining claims in Wedekind Mining District, Washoe county, State of Nevada, the certificates of location of which are recorded in Book "D" pages 1-3, Mining Records of said Washoe county, have performed for the year 1901, the annual labor required under the provisions of section 2324 of the Revised Statutes of the United States, upon each of said claims, and have duly filed with the County Recorder of Washoe County, a correct statement of the annual labor so done by me, and the same is of record in Book "D" of said Mining Records of Washoe county at pages 403-404, to which record you are hereby referred; that the work so performed consists of a tunnel seventy-five feet in length on the said "Nora" Claim costing $250.00; a tunnel sixty feet in length and two shafts ten feet in depth on the said "Spanish Springs" Claim, costing $200; a tunnel eighteen feet in length and two shafts ten feet in depth on the said "Prince" Claim, costing $100; and a frame building 12x18 feet for mining purposes on the said "Thompson" Claim, costing $100.

That if you fail or refuse to contribute, as required by the above mentioned section of the Revised Statutes of the United States, your proportion of the expenditure on said claims required by said section, your interest in said claims shall become the property of myself.

JAMES D. O'SULLIVAN.

NOTICE

In the Second Judicial District Court of the State of Nevada, in and for the County of Washoe.

In the matter of the estate of William Webster, deceased, notice is hereby given that Mrs. H. Elizabeth Webster having filed with the Clerk of this Court a petition, praying for letters of administration of the estate of William Webster, deceased, the hearing of the same has been fixed by said Court for Saturday, the 8th day of February, 1902, at 10 o'clock a. m., of said day, at the Court House, in the town of Reno, County of Washoe; and all persons interested in the said estate are notified then and there to appear and show cause, if any they have, why the said petition should not be granted.

Dated, January 25, A. D., 1902.

About Fine Shoes!

GOOD VALUES!

Our shoes for men, women and children are the best values to be had. You don't have to buy a name, but you get the material and workmanship that will make both your heart and purse glad. Obliging salesmen will show you the shoe you want, and the price will surely suit you.

A Good Fit

Is assured here, as we pay special attention to it. We know a foot may be deformed by wearing an ill-fitting shoe. We won't palm a wrong size, for we have all sizes and an experienced sales force.

Little Niceties

Which are omitted in so many shoes are put in our full line of gent's, ladies' and misses' shoes. They cost by themselves very little, but they make the difference between a good shoe and a fine shoe.

MINING IN THIS STATE

Culled News of Nevada's Most Important Industry.

Included in the estate of late Col. Boyle is 1,200 shares in the soda property at Keeler, valued at $30,000.

The nitre company operating near Lovelock, has paid its indebtedness amounting to over $2000, due for employes wages.

A force of men was put to work yesterday removing the machinery from the Nevada mill and the building will be taken down later.

The hospital at Hawthorne is crowded with Tonopah patients and no more will be admitted unless they are bona-fide residents of the county.

THE WINTER ROUTE.

The greatest percentage of Pacific Coast travel passes through Salt Lake City by way of the Rio Grande Lines. The winter climate in Utah and Colorado is ideal; the sun-lit days being as proverbial in winter as in summer. This fact, together with the magnificent scenery and the splendid train service tend to make the Rio Grande Lines via Denver and Salt Lake, the most popular route in the country. Three fast trains daily between all points in West and the East. Close connection at Ogden with trains of Southern Pacific and Oregon Short Line. Pullman Palace and Ordinary Sleepers without change to Denver, Omaha, Kansas City, St. Louis and Chicago. Perfect dining car service. Personally conducted excursions. For time table, rates and descriptive matter inquire of Geo. W. Heintz, Asst. General Passenger Agent, Salt Lake City.

BUCKLEN'S ARNICA SALVE.

Has world-wide fame for marvellous cures. It surpasses any other salve, lotion, ointment or balm for cuts, corns, burns, boils, sores, felons, ulcers, tetter, salt rheum, fever sores, chapped hands, skin eruptions; infallible for piles. Cure guaranteed. Only 25c at S. J. Hodgkinson's.

A CHOICE STOCK.

George Ecker, the wholesale liquor dealer, has removed to Virginia street and has added constantly to his stock. His "Black and White" is quite the rage. tf

THE MEETING PLACE.

Plumbing, tinning and electric wiring by competent workmen at lowest prices at Schmitt's. tf

Fresh compressed yeast every Tuesday and Friday at Cunningham & Ferguson's. Leave your orders.

Baltimore oysters every Thursday and dressed turkeys and chickens every Friday at Frank Campbell's. tf

The Washoe Lunch Counter and bar have built up an immense trade by serving only the best to their patrons. Messrs. Clausen & Block are experienced caterers. tf

Harry Davis has received a large consignment of crystal crepe. He is also agent for the latest designs of score cards. Call and examine his goods. tf

The Palace barber shop on Commercial Row is the handsomest in Reno. It has been thoroughly renovated. Porcelaine bath tubs. A North, proprietor.

Bryson & Cohn, proprietors of the Monarch Saloon, sell Anheuser-Busch beer summer and winter. This is the best and only eastern beer on draught in Reno. tf

George L. Ecker is now located at 216 Virginia street, where he will henceforth carry on his wholesale liquor business. The best of liquors dispensed in wholesale quantities.

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

The Lovelock water suits have been settled out of court.

A depth of two feet of snow has accumulated in Strawberry valley in

The proposed extension of the Denver & Rio Grande road will pass directly through Eureka, this State. the Sierras.

Wm. Mercer, the C. & C. trainman, whose foot was crushed by an engine at Hawthorne recently, had it amputated.

The funeral of Colonel E. D. Boyle at Dayton yesterday was the largest that has taken place in that town in years.

A prominent resident of the Divde was caught in the act of stealing a box of cigars from a grocery store in that part of town.—Report.

While Cord Piper was fixing a stovepipe on a house on B street yesterday afternon he lost his footing on the slippery roof and fell a distance of nearly 40 feet.—Enterprise.

Joe Johnson has resigned as manager of the Sunset Telephone Company at Carson and Miss Pearl Cowing has been appointed to the vacancy. Jessie Schurz and Roger Heidenrichs have been appointed operators.

The common field mouse is infesting a number of ranches in Carson valley and they have almost ruined several alfalfa fields. On one ranch the mice have burrowed in the ground to such an extent that it resembles a patch that has been gone over by hogs.

The body of a boy about 15 years old was found lying in the Lovelock yard Monday morning, he having been run over by a train during the night. There was nothing by which the boy could be identified. It is supposed that he was killed while trying to board some train. The body was cut in two.

The saloon men at Palisade have cleared off a space of ground across the track from where they are now located, and intend to make a fight to do business in that part of town if the S. P. Co. carries out its ultimatum of dispossessing them from their present ocations on the company's right of way.

PIANOS ON EASY TERMS.

And at prices to suit any one. The prices range from two hundred and twenty-five dollars up—twenty-five dollars down and the balance in ten-dollar monthly installments.

These pianos are all fully guaranteed and have the latest improved action and are the style upright. No one on earth sells better pianos or better-toned pianos, or gives more value for the money than C. J. Brookins. Brookins has lived and sold pianos in Reno for thirty years. Why not buy your piano of Professor Brookins, who knows all about pianos and has made them a great study for thirty years? Call at 224 Virginia street, C. J. Brookins' store. tf

HAD TO CONQUER OR DIE.

"I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C., "I had consumption so bad that the best doctors said I could not live more than a month, but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and am now stout and well." It's an unrivaled life-saver in Consumption, Pneumonia, La Grippe and Bronchitis; infallible for Coughs, Colds, Asthma, Hay Fever, Croup or Whooping Cough. Guaranteed bottles 50c and $1.00. Trial bottles free at S. J. Hodgkinson's drug store.

A FIREMAN'S CLOSE CALL.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by S. J. Hodgkinson. Price 50 cents.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the most severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac.

Free Seeds.

The Journal has received two sacks of seeds from Washington, with the compliments of Congressman Newlands. They will be given to any who call. Don't delay. They will not last long.

WHAT DISPOSITION WILL BE MADE OF THE ISLAND?

The Resolutuion Relative to Cuba and Mr. Newlands' Attitude Respecting It.

A Washington dispatch says:

Representative Newlands of Nevada, of the Ways and Means Committee, who was the author of the resolution annexing Hawaii, today introduced a joint resolution inviting the republic of Cuba to become a part of the United States, first as a territory and then as a State of the Union, to be called the State of Cuba; and also authorizing 25 per cent reduction of duty on the present crop of Cuban sugar, in consideration of Cuba's granting preferential rates to the United States. The resolution confines the 25 per cent reduction of duties to the period prior to January 1, 1903. The provision as to annexation is as follows:

"That in the meantime the republic of Cuba is invited to become a part of the United States of America and her people to become citizens of the United States, with the assurance that Cuba will be entitled first to a territorial form of government under the constitution and laws of the United States, with a delegate in Congress to represent her people, and that ultimate statehood will be granted, when, in the judgment of Congress, it is advisable to admit Cuba, including such other West Indian islands belonging to the United States as may be deemed advisable, as a single State in the Union, to be called the State of Cuba."

Mr Newlands, in explanation of his resolution, said: "All those who have appeared to voice Cuba's needs and requirements have indicated that an invitation to Cuba of annexation would be accepted. Annexation by force would not be justified. It must be accomplished, if at all, by the free act of the Cuban people At present there is no machinery in Cuba by which the popular will can be tested, but the Cuban constitution has been adopted. The Cuban Congress will meet in February, a Cuban government will be organized, and the United States will then leave the government and control of the islands to its people. Cuba then will be in a position to express her will, and it is only necessary to tide over the present emergency by a temporary measure, such as I have introduced, reducing the duty on Cuban sugar one-fourth for one year and inviting Cuba to become a part of the United States under a territorial form of government, under the constitution, her people to be citizens, not subjects, with the assurance that ultimate statehood will be granted.

'By coming into our political union Cuba will secure immediately the highest degree of freedom and with it a large market for varied products. Those products will not threaten our sugar industry so seriously as they would under reciprocal trade arrangements, for the reason that the restricted labor laws of this country will apply and will raise the cost of production to such an extent as to prevent overstimulation of her industries, while her supplies will be bought in the high-protected markets of this country instead of the cheap markets of the world. Imuch prefer political union, for that involves the best kind of commercial union that can be established between the two countries.

"Such annexation is entirely in line with the traditional policy of the country When the time for statehood comes, Cuba, Porto Rico and other West Indian islands in our possession can be incorporated into the Union as one State, thus doing away with the danger of over-representation in the Senate."

Meeting Is Called.

News of the World, Boiled Down for Quick Perusal by The Journal s Busy Readers.

A stirring debate on the general Philippine question was precipitated in the Senate yesterday, the principal participants being Mr. Platt of Connecticut and Mr. Hoar of Massachusetts.

The report from the sick room of Theodore Roosevelt, Jr., the eldest son of the President, who, since last Thursday has been ill of pneumonia at the Groton school infirmary, tends to show an improvement.

A special to the News from Lajare, Colorado, says that Parcello Sallegos, a prominent and wealthy sheep owner, was murdered at Cat Creek, fifteen miles west of Lajare, while taking supplies to his sheep ranch.

At the farewell dinner given by Emperor Wilhelm to Prince Henry, Andrew D. White, the American ambassador, occupied the seat on the right of his majesty, while Count Von Buelow, the imperial chancellor, sat on Emperor Wilhelm's left.

An important piece of evidence has come to light which may soon land the murderer of young Norah Fuller behind prison bars. It has been learned that he is, or has been a printer. In this event the newspapers will be of inestimable value in discovering the identity of the fiend.

Heavy Sandstorm Prevails in Nevada.

Since early yesterday morning the wide stretch of desert in western and central Nevada was swept by a storm that at times approached the proportions of a hurricane

At several points between Reno and Elko the wind at times blew at the rate of eighty miles an hour, causing much trouble and delayed trains, destroyed telegraph wires and almost buried streets in sand driven by the force of the gale.

Various clouds of sand picked up by the gale were hurled across the country with fearful force, and at Wadsworth, and other towns business was practically stopped all afternoon, it being almost impossible for people to breathe owing to the driven clouds of desert sand.
